PIAVO PRO Illuminated Rechargeable Vertical Ergonomic Mouse - wireless, rubber-black

Appearance meets functionality and comfort. With the PIAVO PRO Illuminated Rechargeable Vertical Mouse, working on the computer becomes a pleasure. The ergonomic, vertical shape of the mouse promotes natural hand position and prevents impairment and long-term damage to the wrist, shoulder and neck. With the silent main buttons performing clicks that are quiet but precise. In addition, the PIAVO PRO scores with its functional properties. Whether at the desk or elsewhere in the room - the wireless connection with a range of up to 10 metres ensures maximum flexibility when working. The rechargeable 500mA strong lithium-ion battery and the intelligent power-saving mode ensure lasting high performance. The dpi switch can also be used to vary the sensor resolution as desired. The visual highlight of the PIAVO PRO is its multicoloured lighting, which is guaranteed to put you in a good mood.
