Exceptionally close, incredibly gentle with SkinIQ Technology

Experience an incredibly smooth and close shave – even on 7 day beards, with Philips S9000 Prestige. Equipped with SkinIQ technology, the shaver senses and adapts to you for the shaving experience that you have always desired.

SkinIQ technology

- Personalise your shave
- High-speed shaving efficiency
- A shaver with the power to tame beards
- 50% smoother* gliding with Hydro SkinGlide Coating

Premium experience

- Click-on beard styler with 5 length settings
- One-touch open for easy cleaning
- Choose a convenient dry or refreshing wet shave
- Keeping everything organised and protected
- Convenient wireless charging
- Click-on nose trimmer for nose and ear hair

Our closest electric shave

- Adapts to every contour of your face to catch difficult hair
- Blades with extra strong, sharp edges for ultimate closeness

Highlights

NanoTech Dual Precision blades

With up to 165,000 cutting actions per minute, the NanoTech Dual Precision blades deliver extremely close results at skin level. Now re-engineered with Guide & Cut System and hardened with nanoparticles, the 72 self-sharpening blades have extra-strong and long-lasting sharp edges for ultimate closeness at all times.

Ultraflex Suspension system

Fully flexible heads completely adapt to every contour of your face, catching even difficult hairs. The result is an exceptionally smooth and comfortable shave.

Hydro SkinGlide coating

Our best protective coating lies between the shaver heads and your skin. Made of up to 500,000 hydrophilic microtech beads per square centimetre, creating a 50%* smoother glide for maximum skin comfort.

Smart Hair Sensor

The electric shaver has an intelligent facial-hair sensor that reads hair density 500 times per second. The technology auto-adapts the cutting power for an effortless and gentle shave.

Top-spin digital motor

Maximum rotations for maximum efficiency. The most advanced Philips digital motor ensures a precise shave for any facial contour or hair density.

Personal Comfort settings

Adjust the speed of your shaver and personalise your shaving routine to your own skin and preferences.

Wireless Qi charging pad

Plugging in cords in wet areas is a thing of the past. Simply lay your cordless electric shaver on the Qi charging pad for a wireless charge.

Shave wet or dry

A wet and dry shaver that adapts to your preference. Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave.

SmartClick beard styler

Change your look with the SmartClick Beard Styler. Choose from 5 length settings to create anything from a perfect stubble to a neatly trimmed short beard. The Beard Styler's rounded tips and combs are designed to prevent skin irritation.
