| <b>Operating System</b>    | Windows 11 Home<br>Windows 11 Pro - MSI recommends Windows 11 Pro for business                                                       |
| <b>CPU</b>                 | Intel® Core™ 7 processor 150U<br>Intel® Core™ 5 processor 120U<br>Intel® Core™ 3 processor 100U                                      |
| <b>Chipset</b>             | Intel® SoC                                                                                                                           |
| <b>Graphics</b>            | Intel® Graphics (Integrated)                                                                                                         |
| <b>Storage</b>             | 1x M.2 2280 SSD (NVMe PCIe Gen4 x4, factory pre-installed)<br>1x 2.5" Drive Bay                                                      |
| <b>System Memory</b>       | 2x DDR5 5200 SO-DIMMs, up to 64GB                                                                                                    |
| <b>I/O (Front)</b>         | 1x Thunderbolt 4 (DP 1.4 alt-mode up to 4K@60Hz / PD-out 15W)<br>2x USB 10Gbps Type A<br>1x Mic-in / Headphone-out combo             |
| <b>I/O (Rear)</b>          | 2x USB 10Gbps Type A<br>2x RJ45 (2.5G & 1G LAN)<br>1x HDMI out (supports 4K @60Hz as specified in HDMI 2.1)<br>1x DisplayPort (v1.4) |
| <b>I/O (SIDE)</b>          | 1x Kensington Lock<br>1x External Power Switch Pin Header                                                                            |
| <b>Wireless LAN</b>        | Intel® Wi-Fi 6E AX211 / AzureWave AW-CB515NF Wi-Fi 5                                                                                 |
| <b>Bluetooth</b>           | 5.3 (for AX211) / 5.0 (for AW-CB515NF)                                                                                               |
| <b>TPM</b>                 | fTPM                                                                                                                                 |
| <b>LAN</b>                 | 1x Realtek® RTL8111H (1G), 1x Realtek® RTL8125BG-CG (2.5G)                                                                           |
| <b>KEYBOARD / MOUSE</b>    | Optional                                                                                                                             |
| <b>AC Adapter / PSU</b>    | 65W                                                                                                                                  |
| <b>Dimension (WxDxH)</b>   | 124 X 124 X 53.7 mm (4.88 X 4.88 X 2.11 inch)                                                                                        |
| <b>WEIGHT (N.W./ G.W.)</b> | 0.6 Kg (1.32 lbs)                                                                                                                    |
| <b>VESA Mount</b>          | 75 x 75 mm and 100 x 100 mm                                                                                                          |
| <b>GROSS WEIGHT</b>        | 1.54 Kg (3.40 lbs)                                                                                                                   |
| <b>Certificates</b>        | FCC, CB/CE, UL & CUL, VCCI, RCM                                                                                                      |

## FEATURES

### Small Size

Hand Palm-sized PC but still provides all the elements of a desktop-worthy PC.

### Thunderbolt™ 4

Up to 40Gb transmission speed, brings fast speed and versatility, offering a fast and simple level of connection for work.

### Matrix Display

Supports the Multi-display mode and the surround view mode

### Dual LAN

Dual LAN design provides the second LAN backup and a safer network environment

### MSI Power Link

A desktop PC can be powered by an MSI-selected monitor through MSI Power Link technology, enabling the most convenient user experience.

### Power Meter

Power Meter enables one-click power saving, carbon emission calculation & electricity cost estimation.

### MSI AI Engine

Incorporating AI technology, the MSI AI Engine can switch settings, including lighting, performance, audio and visual based on different applications.

### TPM Support

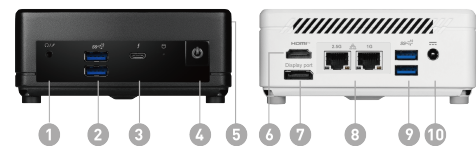

FW TPM design secures your confidential data with encryption keys.

### VESA Mountable

To be mounted on the wall of your office & home with a VESA standard design which can make it completely invisible on a desk.

## CONNECTIONS

- 1x Mic-in/ Headphone-out combo
- 2x USB 10Gbps Type A
- 1x Thunderbolt 4 (USB Type C)
- 1x Power button
- 1x Kensington Lock & External Power Switch Pin Header
- 1x HDMI™ out
- 2x RJ45
- 1x DP out (1.4)
- 2x USB 10Gbps Type A
- 1x DC Jack
