Specifications

Model number		XZ350CU
Color		Silver/Black
Display		35"
Active display area		819.8mm x 345.9 mm
Maximum resolution and refresh rate		2560x1080 @144Hz
Glare		No
Panel type		VA
Response time		4 ms (G to G)
Contrast ratio (ACM)		100M:1
Brightness		300 cd/m ²
Viewing angle (CR=10)		178°(H),178°(V)
Colors		16.7 M
Bits		8Bit
Input signal		HDMI 2.0 + HDMI 1.4 (MHL2.0) + DP + DP Out + USB 3.0 Hub(1up 4down)
Speaker		9W x2 (DTS™ sound)
Tilt		-5°~ 25°
Power supply (100V-240V)		External
Power consumption (ENERGY STAR®)	Off	0.5 W
	Sleep	1.2 W
	On	42W
Note		Supports Adaptive-Sync technology

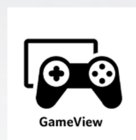

Curved 21:9

The curved screen puts every corner of the screen at the same distance from the customer's eyes, providing a uniform viewing experience. It also presents a more immersive experience with a wider field of view and increased perceived area of peripheral vision compared to a flat display of the same size.

Adaptive-Sync Support

Adaptive-Sync Technology

Adaptive-Sync technology is designed to eliminate the screen tearing that often occurs when playing computer games with a monitor. Now, with Adaptive-Sync technology, your GPU can tell a monitor what its rendering rate is and the monitor can match it.

GameView

Get a competitive advantage with GameView. Detailed color settings, including black level adjustment, make sure you see every threat. Special gaming features like aim-points help you get the jump on opponents and perfect your shot. Settings can be tweaked and saved in three custom profiles you can easily switch between while gaming.

Acer EyeProtect technologies

Our Predator XZ0 monitors are made to please your eyes and feature crucial technology to minimize eye strain. Blue Light Filter reduces exposure to unhealthy blue light, while Flicker-less technology optimises the refresh rate to make entertainment and work comfortable and soothing to the eye.

About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more. Ranked No. 3 for notebooks globally (IDC 2012), Acer employs 8,000 people, and 2012 revenues reached US\$14.7 billion. Please visit www.acer.com for more information. © 2014 Acer Inc.
