INLINE® TABLET HOLDER FOR PRESENTATIONS

lockable, universal use for 7.9“-11“ tablets

Lockable tablet mount with floor stand, height-adjustable and swivelling for professional presentation solutions

- **Theft protection thanks to lockable mount:** The integrated lock reliably protects the tablet from unauthorised access. Ideal for installations that are permanently accessible.
- **Flexible positioning for optimal display:** The mount can be rotated 360° and tilted from -90° to +90°. Content can be optimally aligned at any time.
- **Ergonomically adjustable height:** The stepless height adjustment from 63-108 cm enables comfortable use in a variety of environments.
- **High compatibility thanks to precise mounting:** Suitable for tablets with a width of 134-197 mm and a height of 196-270 mm. Also supports popular devices such as the iPad, iPad Air, iPad Pro or comparable models.
- **Tidy installation thanks to integrated cable management:** Cables are routed within the structure. This ensures a neat and professional appearance.

The InLine® tablet mount offers a reliable solution for the permanent integration of tablets into presentation environments. Thanks to the sturdy base plate, the mount can be securely positioned and permanently installed. The integrated lock protects the tablet from unauthorised access and supports use in public areas.

Flexible positioning via 360° rotation and -90° to +90° tilt enables optimal content display. At the same time, the height-adjustable design (63-108 cm) ensures ergonomic adaptation to different locations.

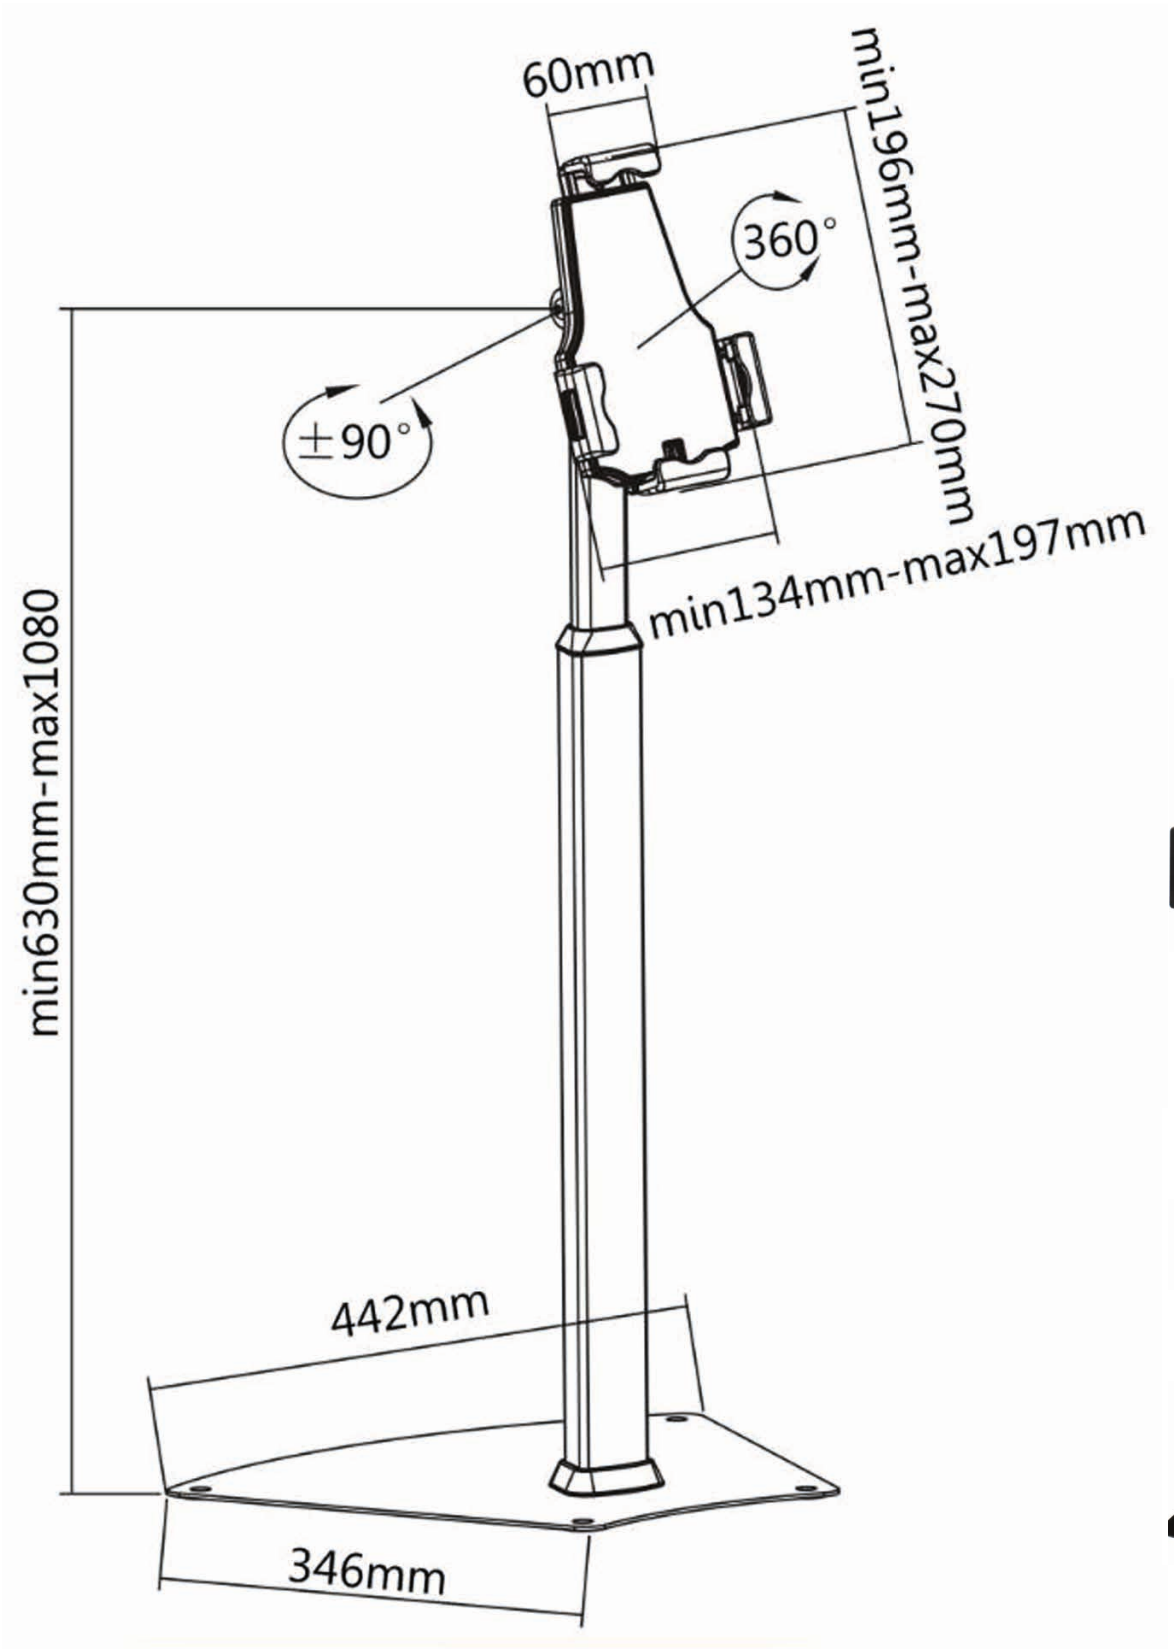

Thanks to the integrated cable management, the installation always remains neat and tidy. Cables run invisibly within the mount, contributing to a professional overall appearance.

The tablet holder is precisely designed for devices with a width of 134-197 mm and a height of 196-270 mm. This means that many current tablets up to approx. 11“ can also be used securely, including popular models such as the iPad, iPad Air, iPad Pro or comparable devices.

- Supported tablet width: 134-197 mm
- Supported tablet height: 196-270 mm
- Height adjustment: 63-108 cm
- Tilt: -90° to +90°
- Rotation: 360°
- Base plate dimensions: 35 x 45 cm
