Multi-Card 25-in-1 USB 3.0 Reader with Pop-Up Design

The Lexar® Multi-Card 25-in-1 USB 3.0 Reader is an easy-to-use, all-in-one file transfer solution. The reader has an innovative pop-up design, supports 25 memory card formats,* and enables concurrent downloads and card-to-card file transfer.

Versatile, High-Speed File Transfer Solution

Supports Multiple Card Formats for Impressive Versatility. The Lexar Multi-Card 25-in-1 USB 3.0 Reader has five slots and supports more than two dozen of the most popular card formats, making it easy to transfer files between your digital camera, MP3 player, mobile phone, and computer.

Quickly Transfer Files with USB 3.0 Technology. Now you can take advantage of the USB 3.0 port in your new laptop or computer. The Lexar Multi-Card 25-in-1 USB 3.0 Reader leverages SuperSpeed USB 3.0 technology to provide high-speed transfer with a USB interface speed up to 500MB/s.** With read speeds up to 5x faster than USB 2.0, this means you can quickly transfer your photo, video, music, and other files from device to computer.** Simply remove the card from your digital device, slide it into the reader, and drag and drop files onto your computer. And for added convenience, the reader is also compatible with USB 2.0 ports.

Enables Concurrent Downloads and Card-to-Card File Transfer. The reader also has the ability to read multiple cards from multiple card slots simultaneously, and allows for card-to-card file transfer between cards in different slots—further enhancing its versatility. This gives you the power to share photos, videos, music, and files among your devices.

Innovative, Pop-Up Design. Created with convenience in mind, the Lexar Multi-Card 25-in-1 USB 3.0 Reader boasts an innovative, pop-up mechanism that allows you to open and close the reader with a simple push, protecting the card slots when not in use. As for looks, the reader's designed to be a great addition to your workspace with its sleek, glossy white finish, and it sports a cool blue LED activity light to let you know when file transfer is complete.
