XPG XENIA 15 KC GAMING NOTEBOOK

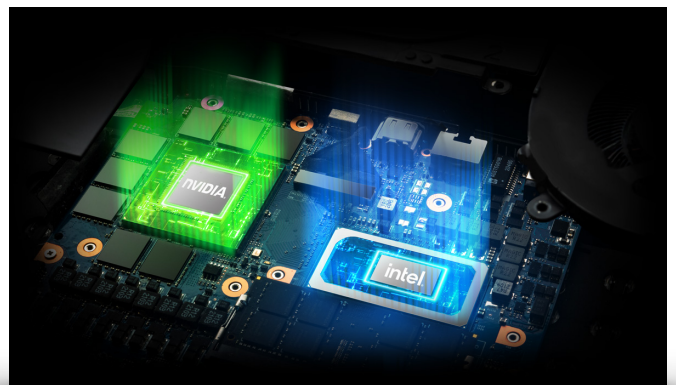

Co-Designed with Intel for perfection, the brand new XPG XENIA 15 KC brings the newest Intel i7 11800H and NVIDIA RTX 3070 with a slew of features to enhance not only your gaming session but also your productivity throughout the day.

XPG & INTEL COLLABORATION

After the successful collaboration between XPG and Intel in 2020 on the original XPG XENIA 15, the new 2021 edition of XPG XENIA 15 KC brings you even better gaming experiences with the best performance and even better features in the market to date.

UNRESTRAINED PERFORMANCE

The brand new 11th Gen Intel® TGL-H Core™ i7 mobile processor and powerful NVIDIA® GeForce® RTX 3070 provide XPG XENIA 15 KC an unrestrained gaming and productivity performances.

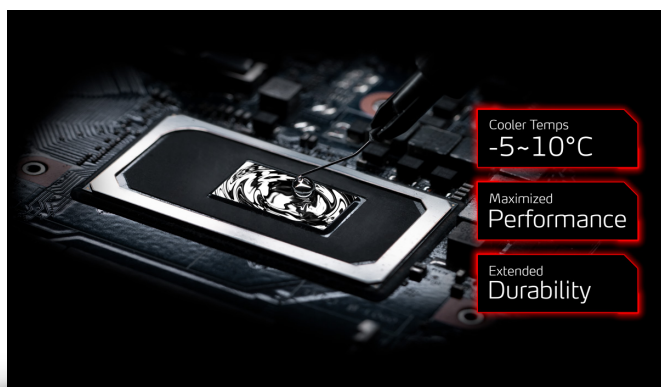

EXCELLENT THERMAL PERFORMANCE

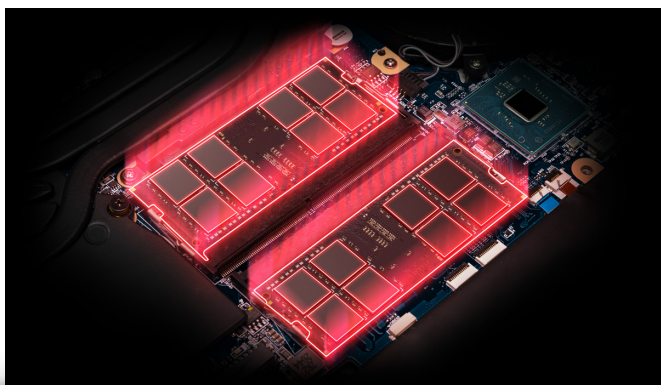

XPG XENIA 15 KC utilizes liquid metal thermal interface material paired with an outstanding thermal design for both excellent thermal performance and to extend durability.

* Thermal module is nickel plated to prevent drying out by metal reaction and protected with a gasket to prevent leakage to the PCB.

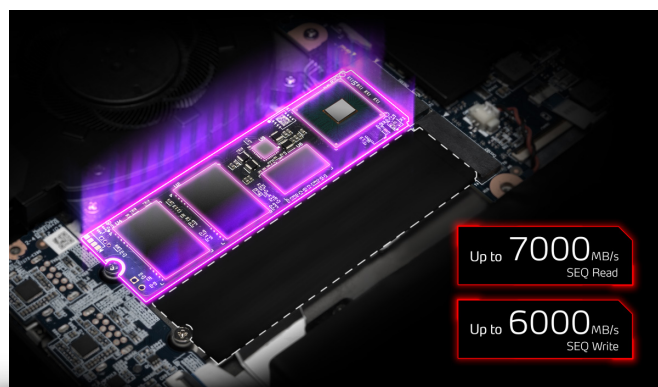

HAND SORTED PREMIUM MEMORY

XPG XENIA 15 KC comes with a pair of 16GB DDR4 Modules handpicked for their outstanding performance, reliability and durability compared to the standard production line modules. The combined capacity of 32GB is capable for most intense tasks, and it's available for expansion of up to 64GB.

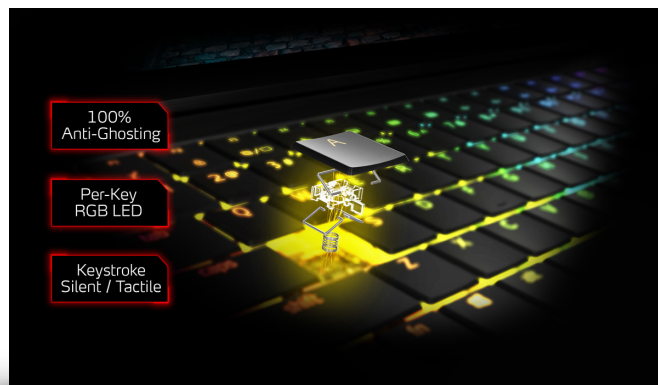

AWARD WINNING STORAGE SOLUTION

XPG XENIA 15 KC sports XPG's award-winning XPG GAMMIX S70 1TB PCIe Gen4x4 M.2 2280 SSD. Supporting PCIe Gen4x4 and NVMe 1.4, it offers sustained peak read/write speeds of up to 7000/6000MB per second. The extra available M.2 PCIe Gen 3 can be used to easily increase the storage capacity.

FEEL EVERY KEY PRESS WITH OPTO- MECHANICAL KEYBOARD

Glazed with a spacious optical mechanic keyboard, the XENIA 15 KC is comfortable to type and perfect for gaming. Its 0.2ms ultra-low latency and its satisfying quiet keystroke design, with embedded bright and rich RGB LED make the typing and gaming more enjoyable.

LIGHT WEIGHT MAGNESIUM ALLOY BUILD

Revel in XPG XENIA 15 KC's lightweight (<1.94kg/4.2lb) and a slim size (20.5mm) for great portability and style. Crafted with premium Magnesium alloy, the XPG XENIA 15 KC is not only light but is also remarkably solid and durable.

DIVE INTO EVERY DETAIL WITH QHD 165HZ DISPLAY

A spacious 15.6-inch QHD (2560 x 1440) 165Hz IPS panel delivers the best of both worlds, striking a satisfying balance between fast-paced action and rich, detailed visuals. Offering 100% sRGB color gamut, gaming experience can fully immerse into the scenery and visually enjoy every second of the content.

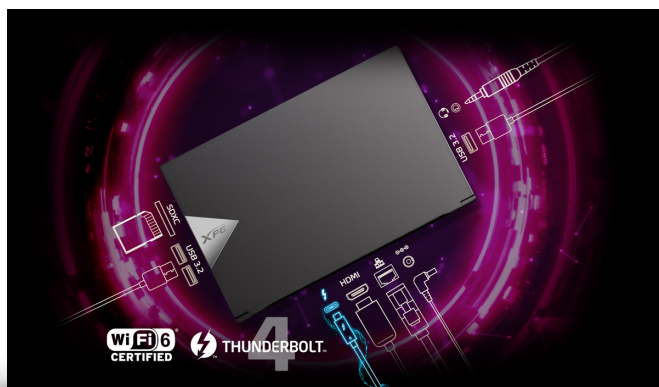

IMMERSE IN A SEAMLESS VISUAL EXPERIENCE

A 4.9mm narrow bezel design with an 85% screen-to-body ratio gives you more screen with less weight and distractions. Furthermore it can be fully opened up to 180° for easy content sharing.

HIGH SPEED CONNECTIVITY

Thunderbolt™ 4 taking the center stage, with transfer data up to 40Gbps and supports USB 4 protocol. Adding in some high speed USB 3.2 Gen 2, 2.5 Gigabit LAN, HDMI 2.1 and a SDXC SD card reader. Wi-Fi 6 translates to higher data rates with peak Gigabit speeds, increased efficiency and lower latency.

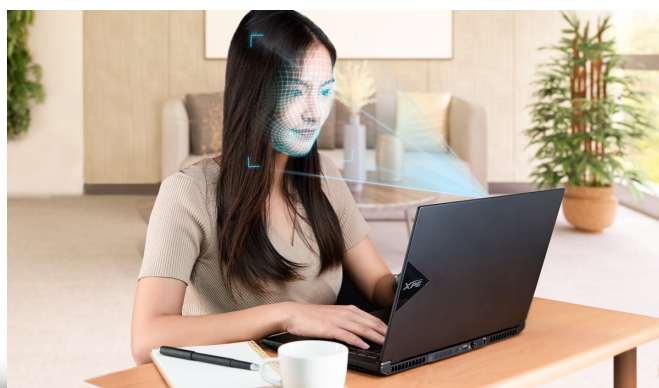

EXTENDED PRODUCTIVITY SESSIONS

With a large 94Whr battery, the XPG XENIA 15 KC can give you up to 7 hours* battery life when working on the go while the new smaller and lighter 230W AC adapter makes easier to carry it with you for longer sessions.

HASSLE-FREE SECURITY

The Windows Hello supported IR camera makes logging in a breeze with your only having to be in front of the laptop. This HD IR camera not only helps with windows login, but is also a great companion for conference calls.

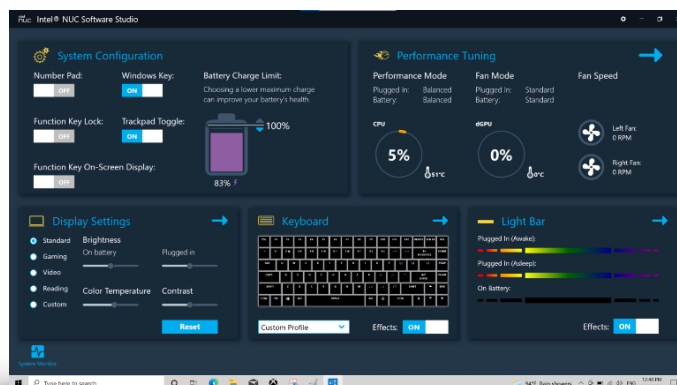

XBOX GAME PASS FOR UNLIMITED 1-MONTH TRIAL

The XPG XENIA 15 KC comes with a free one-month Xbox Game Pass trial that gives you access to over 200 titles.

Intel® NUC Software Studio

Built-in Intel® NUC Software Studio allows advanced functions like System Configuration, Performance Tuning, Display Setting, Keyboard RGB setting, light bar setting, and system performance monitor. It's a control center for user to easily adjust the parameter & setting, and also review the system status.

SPECIFICATIONS

PROCESSOR	Intel® 11th Gen Core™ i7-11800H (8 Cores & 16 Threads)
GRAPHICS	NVIDIA® GeForce® RTX™ 3070 with up to 125W Boost
DISPLAY	15.6" QHD/165Hz, 100% sRGB, 300 nits - Matte IPS with narrow bezel (85% screen to body ratio)
STORAGE	1 x XPG GAMMIX S70 PCIe Gen 4x4 NVMe 1TB SSD on PCIe Gen4 M.2 2280 slot 1 x PCIe Gen3 M.2 2280 slot available for expansion
MEMORY	1x SO-DIMM slot A: DDR4-3200MHz 16GB 1x SO-DIMM slot B: DDR4-3200MHz 16GB (Max Capacity : 64GB)
BATTERY	94Whr (Up to 7 hours battery life)
KEYBOARD	- Optical Mechanical with 2mm Actuator Travel - Per-key RGB Backlighting
TOUCHPAD	- Glass Click Pad with Microsoft Precision - Touch Pad Driver Support
NETWORK	Intel® Wi-Fi 6 AX201, Bluetooth 5.2
I/O PORTS	1x Thunderbolt 4 (USB 4, DP1.4) 3x USB 3.2 Gen 2 Type A 1x HDMI 2.1 1x Headphone Microphone Combo Audio Jack 1x SD Card Reader (UHS-I, SD/SDHC/SDXC)
WARRANTY	1-Year Warranty
CERTIFICATIONS	FCC, cUL, CE, CB, UKCA, BSMI, NCC, RoHS, WEEE

FEATURES

- XPG & Intel Design Collaboration
- Intel 11th Gen TGL i7 11800H CPU, and NVIDIA RTX 3070 GPU
- Liquid Metal Thermal Interface Solution
- Pre-installed Award Winning 1TB PCIe Gen4 SSD XPG GAMMIX S70
- Hand Picked 32GB (2x16GB) DDR4-3200MHz High Performance XPG Memory
- Light Weight 1.94kg Magnesium Alloy Chassis
- Optical Mechanical Per-Key RGB Silent Keyboard
- High Quality QHD (2560x1440) 165Hz IPS Display
- 4.9mm Narrow Bezel with 85% Screen-to-body Ratio
- High Speed Connectivity with Thunderbolt™ and Wi-Fi 6
- Large 94Whr Battery, up to 7 hours of battery life.
- HD IR Camera With Windows Hello Support
- Xbox Game Pass 1-Month Free-Trial
