Food slicer nova[1]

Item No. / GTIN 518.013 / 4004822518138

Details

- metal construction
- grey
- serrated blade, 17 cm ∅
- slice thickness adjustable up to approx. 20 mm
- safety switch for intermittent and continuous operation
- detachable carriage
- carriage way approx. 18 cm
- warranty: 2 years, product made in Germany

Technical features

- 230 V, 65 W eco-motor, duty cycle 5 min.
- VDE / GS approval, CE
- dimensions: width 20,5 cm height 23,0 cm depth 33,0 cm
- weight: 2,5 kg

Food slicer nova[1] - an inexpensive all-rounder

This metal food slicer is a true all-rounder with a great price-performance ratio.

The metal construction and the functional design are the key characteristics of this appliance. Because of its narrow shape, the food slicer nova[1] doesn't need much space on your worktop. All parts that ensure stability are made from metal and thus the appliance is steady and slices precisely.

Stepless adjustment of the slice thickness is possible to approx. 20 mm. For extra large pieces of food, the carriage can be detached

Food slicer nova[1] is driven by a 65 W eco motor, at 20 % reduced power consumption but 50 % increased engine efficiency compared to the previous model.

A smooth ham- and sausage blade is available for every ritter food slicer.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.
The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.
The company‘s philosophy ‚made in Germany‘ not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the ‘Bauhaus’ principles of the twenties.
