The hole diameter is 5,5 mm.

Securely engaging paper guide with easily legible paper-size indicator

Novus offers a warranty of 10 years when handled in a proper manner

The quality statement „German Engineering" ensures that a product was developed according to German quality standards by our engineering experts. All Novus products carrying the „German Engineering by Novus" signet are manufactured in our own plants around the world by our own workforce, managed and supervised by our headquarters in Germany.

This machine bears the GS approval of product safety.

Perforator NOVUS E 225

The perforator base on the E 216 and E 225 can be opened half-way for emptying the perforator extremely easy.

The harmonious colour combination and the striking interplay of shining and matt surfaces are unique to look at and touch.

Positioning guide with easily legible paper-size indicator. This securely engages on the E 216 and E 225 perforators for precision hole punching.

The most powerful perforator from the Collection Evolution has no problem punching up to 25 sheets of standard paper.
