

OMEN by HP Photon Wireless Mouse

Wireless, without sacrificing performance

Lose the wires without losing performance. The OMEN Photon is the game changing wireless mouse that is as fast as its wired competitors. Stay in the game with Qi wireless charging, an ergonomic design that fits perfectly in your hand, and first-class precision.

As fast as wired performance

With proactive wireless technology, this mouse is as fast as its wired competitors – letting you aim, track, and react fast to gameplay.

Qi wireless charging

Qi wireless charging lets you fully charge this mouse with ease. Simply place the mouse on a Qi enabled charging area and reach full battery wirelessly.

All-day battery life

Play all day with a power saving system that allows for a battery life up to 50 hours, while OMEN Command center keeps you informed on battery levels in real time.¹

¹ Actual battery life will vary with use and environmental conditions, and will naturally decrease with time and usage

² Switch Response Time Test performed, compared optical-mechanical switch versus traditional mechanical switch.

³ HP includes a two-year limited warranty with online support available 24x7. Consult the HP Customer Support Center for details, or go to www.hp.com/go/orderdocuments. Internet access required and not included.

⁴ Tested with Fortnite and Warframe.

OMEN by HP Photon Wireless Mouse

Featuring

Ultra-fast response. Ultra-durable play.

Say goodbye to input lag. With industry-leading optical-mechanical switch technology, light beam detection enables a 0.2 ms click response time—3 times faster than a traditional mechanical mouse switch.²

Be fast. Be accurate.

With a DPI range between 100–16,000 and esports-grade PixArt PAW3335 optical sensor – this mouse adapts to your play style while ensuring fast, accurate tracking.

Comfortable ergonomic design

With a configurable, ambidextrous design –find the perfect fit with removable finger rests and side buttons that are sculpted to provide a comfortable, ergonomic feel.

Clean, consistent clicks

Designed to adapt to all hand sizes even with different grips including claw, palm, and tip. With built-in pivot hinges, expect clean, consistent clicks no matter how you play.

11 Programmable Buttons

With on-the-fly DPI control and 11 buttons programmable via OMEN Command Center – you can execute commands and attacks with a single click.

Show your true colors

Bring your battle station together with up to 16.8 million RGB LED color combinations, all customizable through the OMEN Command Center.
