

Flat-Panel Wall Mount 800×400

VFM-W8X4V EU SAP: 4991750 US SAP: 13557606

vav.link/vfm-w8x4v

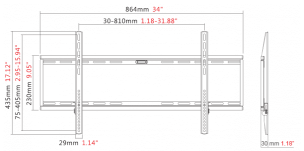

Non-tilting Wall Mount for large-format flat panels 47-75"
(subject to VESA pattern and weight limit)
Mounting points up to 800 (wide) x 400 mm (tall) apart
Light Duty 60 kg / 132.28 lb SWL

Vision's Vision Flat-panel Mount - Wall range is flexible and includes everything you need to get the display on the wall. The VFM-W8X4V fits any flat-panel LCD or LED screen which has rear mounting holes up to 800 wide x 400 mm tall apart. It has a simple design for price-sensitive applications.

SWL 60kg
Vision engineered the cost down by using less material, but it can still support displays weighing up to 60 kg / 132.28 lb.

Everything Included
Vision includes everything you need including a load of M5, 6, and 8 bolts in varying lengths to fix the vertical arms to the rear of the display.

For 37-70" Displays
Fits most displays from 37-70" subject to VESA pattern and weight limit. Note: curved screens are not supported by this mount.

Meets ADA Regulations
The thin design holds the display just 30 mm / 1.2" off the wall. This looks better, reduces snagging risk, and because the load is close to the wall the mount has a higher safe working load rating.

Flexible
A proven design allows fast fixing. Slotted holes on the horizontal part allow easy fixing to stud walls, and side-to-side adjustment.

Secure
Once in place locking strips slide up to prevent the assembly being lifted off the bracket by opportunistic thieves.

Non-Tilt
Strength comes from a simpler non-tilting design.
