

INLINE® WOODSTAND STUDIO TV STAND, FOR LED TV 49"-70" (124-178CM), MAX. 40KG

The woodstand Studio is the perfect solution to present your display in a sophisticated and flexible way. The unique design made of real walnut wood makes each woodstand unique. The stable construction made of solid wood and a metal frame ensures a secure hold. The assembly of the display is, thanks to the snap lock, simple and fast. The cable clips allow cables to be unobtrusively routed along one of the stand legs. The rubber feet provide a secure stand and protect the floor from scratches. The Woodstand Studio is suitable for displays from 49"-70" and up to 40 kg.
