

XV 1 SL

Colour:	cranberry-aubergine
Article ID:	3850118-5005
Weight:	950 g
Volume:	17 litres
Size:	52 / 28 / 18 (H x W x D) cm
MSRP:	79,95 €

The athletic daypack with a completely revised Airstripes back system convinces with its excellent carrying comfort and maximum ventilation. Especially its minimalistic style and many functions make the new XV1 the new urban trend setter. The stretch compartment on the front offers space for jacket, helmet or other stuff while the main compartment stores your daily equipment.

HIGHLIGHTS OF XV 1 SL

SL Women's Fit

On average, women's backs are not quite as long as men's. The SL carry system is thus slightly shorter than that of Deuter's standard rucksacks.

Airstripes System

A bike pack always has to sit secure and snug on your back – even on the roughest rides. Our unique Airstripes System takes care of that and offers effective ventilation. It consists of two contoured, air-channelled foam profiles that are covered with a highly breathable Wide AirMesh lining. The reduced contact surface results in an optimized fresh air circulation. Also, the pack's load is kept close to the body and thus won't throw the rider off balance.

Pockets on the outside

stretch pockets on the side and in the front provide additional storage space

Removable Hip Belt

The hip belt can easily be removed.

Padded Hip Belt

An additional padding on the hip belt provides more carrying comfort.

Sternum Strap

The sternum strap stabilizes the pack on the shoulders.

Valuables Pocket

special pocket on the inside of the pack to keep valuable items safe

Padded Notebook Compartment

Tablet PC Pocket

special compartment to store tablet computers

Organizer Pocket

organizer pocket to store pens, cell phones etc.

PFC Free

Load Adjustment Straps

to individually adapt the pack's centre of gravity

Removable Chest Strap

The chest strap can be removed if needed.

BACK SYSTEM: AIRSTRIPES SYSTEM DAYPACK

- 1 OUTSTANDING AIR CIRCULATION**
means less sweating: Two air channeled foam strips and an air mesh cover ensure as little back contact as possible.
- 2 FITS LIKE A GLOVE**
through ergonomically cut S-shape shoulder straps.
- 3 ADDITIONAL STABILITY FOR HEAVY LOADS**
provides a detachable waist belt. (Step Out 22, Walker 24, Graduate)
- 4 HIGH CARRYING COMFORT**
guarantees the bilaminate construction made from one soft and one firm layer of foam.

MATERIAL

600D PES

Made from 600 den Polyester thread and with a thick PU coating, this multi-purpose fabric is robust and lightweight. It is most suitable for backpacks, used in average conditions to keep the weight to a minimum.
