Alpine 11 Passive

Silent Intel CPU Cooler

Building a quiet PC system with a low budget? Yes it is possible! The **Alpine 11 Passive** does without a fan and yet provides enough power to keep all Intel CPUs up to 47 Watts at bay. It is dust and maintenance free and absolute silent – even after years.

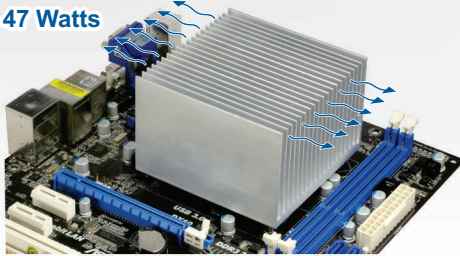

Specifications	
Max. Cooling capacity	47 Watts
Dimension	95 x 95 x 69 mm
Noise Level	0 Sone
Weight	508 g
Compatibility	Intel Socket 1150, 1151, 1155, 1156

High passive cooling performance

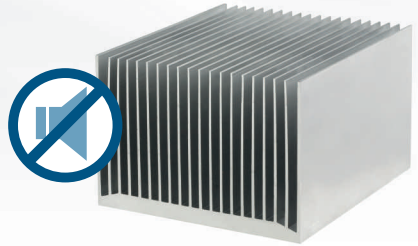

The Alpine 11 Passive does without a fan and yet provides enough power to keep all Intel CPUs up to 47 Watts at bay.

47 Watts

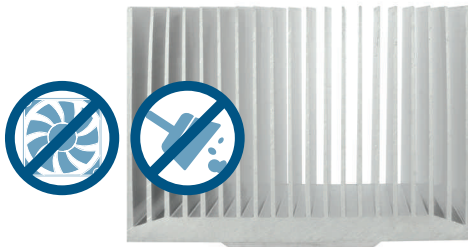

Allows completely fan-less systems

Building a quiet PC system with a low budget? Yes it is possible with the Alpine 11 Passive! It offers an affordable solution for fully fan-less computers.

Dust and maintenance free

No fan means no dust and no maintenance over time.

Pre-applied MX-2

Thanks to the pre-applied MX-2 thermal compound, a quick and clean installation is guaranteed.
