MANUAL HI-FI-TURNTABLE

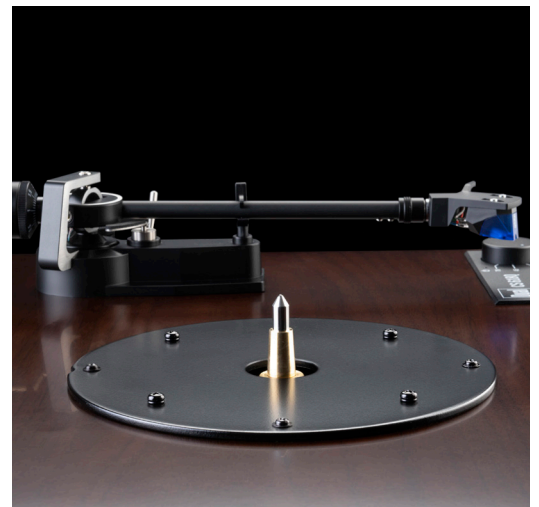

DUAL CS 618Q

MANUAL HI-FI-TURNTABLE

For decades, direct-drive turntables from Dual have been renowned for their quality and reliability. The rumble free direct-drive in the CS 618Q keeps the RPM totally stable, while operating without noise or vibration.

The advanced twin gimbal precision tonearm is partnered with an Ortofon 2M Blue pickup.

The turntable comes with an auto-stop feature that includes an automatic tonearm lift to reduce wear and tear on the needle as it moves to the end of the record.

▲▲ Precision direct-drive for optimal sound performance.

▲ A twin gimbal design ensures optimal tracking for the pickup.

DETAILS:

Plinth: Solid MDF

- Surface Options: Vinyl veneer, Gloss paint, Walnut veneer
- Elastomer vibration absorber integrated inside the feet
- Removable dustcover

Platter: Aluminium Die-cast

- Heavy aluminium die-cast platter
- Heavy rubber mat for resonance damping
- Hardened steel spindle integrated into the direct-drive

Tonearm: Twin Gimbal Design

- Autostop function with an automatic tonearmlift
- Solid aluminium construction with precision pivot ball-bearing
- Adjustable trackingforce and antiskating

Drive: Direct-drive

- Quartz stabilised, high end direct-drive
- No vibrations through coreless inductors
- Double shielded Rotormagnets to eliminate any stray magnetic fields

TECHNICAL DATA - DUAL CS 618Q

Drive:

Drive:	Direct-drive
Speed settings:	33/45/78
Wow & Flutter:	< ±0,07 % (DIN WTD)

Platter:

Material:	Aluminium die-cast
Mat:	Rubber 2,5 mm
Bearing:	Hardened steel spindle, Brass bushing
Diameter:	305 mm
Weight (incl. Mat):	1450 g

Tonearm:

Auto-Start/-Stop-Function:	Auto-Stop / Auto Tonarmlift
Bearing:	4 x Pivot ball-bearing / twin gimbal mounting
Effective length:	221,5 mm
Offset Angle:	25,6°
Overhang:	19 mm
Type:	statically balanced
Stylus Pressure Range:	0 g to 4 g
Cartridge Weight Range:	5 g to 9 g
Factory installed pick up:	Ortofon 2M Blue

Plinth:

Material:	MDF, folded
Surface finish:	Vinyl veneer / Black Option: Gloss / Black Option: Veneer / Walnut
Feet:	Ø 62 mm / Elastomer
Connection:	RCA socket
Connection to Phono Input:	Yes
Connection to Line Input:	Yes
Digital Output:	X
Dimension, closed dustcover:	435 x 367 x 145 mm
Dimension, open dustcover:	T: 415 mm / H: 400 mm
Weight:	7 kg
