Highlights

Unique OneBlade Technology

Philips OneBlade has revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual-protection system—a glide coating combined with rounded tips—makes shaving easier and more comfortable. Its shaving technology features a fast-moving cutter (12000 x per min) so it's efficient - even on longer hairs.

Innovative 360 blade

Innovative 360 Blade moves in all directions and adjusts to every curve of your face to maintain constant skin contact, while enabling control at all times. Easily trim and shave even the most difficult-to-reach areas with fewer passes and greater comfort*.

Trim it down

Trim your beard to an even length with the included adjustable precision comb. Dial up one of the 12 lock-in length settings to get everything from a 5 o'clock shadow, to a tight trim, to a longer beard style.

Trim Away

Trim your beard to an even length with the included adjustable precision comb. Dial up one of the 12 lock-in length settings to get everything from a 5 o'clock shadow, to a tight trim, to a longer beard style.

Edge it up

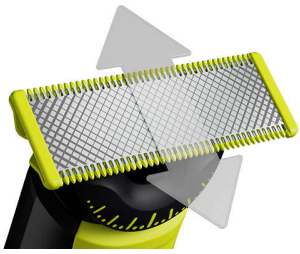

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

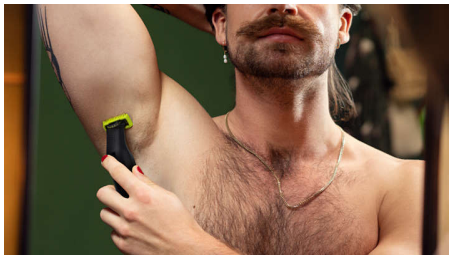

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Attach the body comb (3 mm) for an easy trim in any direction.

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.

Highlights

Blade that doesn't fade easily

Stainless steel blade that lasts up to 4 months of use** to keep that fresh feel. An eject icon will appear on the blade when the blade is worn out.

Wet and dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

90 min Li-Ion battery

Rechargeable Li-Ion battery delivers 90 minutes of constant styling power after a 1-hour charge.

Battery indicator

Make sure that your OneBlade is always ready to go by checking the battery indicator. It alerts you while in use when your battery is low, and indicates charging progress when plugged in.
