Revolutionise your system with the All in One that changes everything. The Alphacool Eisbaer Extreme is stronger, more beautiful and quieter than anything you've seen before in the AiO water cooling market.

Eisblock XPX- Freedom and maximum comfort

For the Eisbaer Extreme AiO, Alphacool relies on its award winning Eisblock XPX CPU cooler. It is known for its cooling performance at the highest level and impresses with its elegant design. Mounting is possible on all common AMD and Intel sockets. With the Eisbaer Extreme you enjoy absolute performance and quality.

Pure Performance – inc. Pure Wings 2 powered by be quiet!

The Eisbaer Extreme is a brand-new design for Alphacool. A high-quality housing encloses the radiator and fans as well as a patented pump/reservoir combination. In co-operation with the well-known manufacturer be quiet! the award-winning Pure Wings 2 fans are already installed on the Alphacool NexXoS Radiator. With the Eisbaer Extreme you have the coolest cooling for your hardware.

Progress into a New Age

Alphacool gives you the flexibility you need. Use your Eisbaer Extreme perfectly thanks to the new Eisbaer Ready quick-release couplings. These are compatible with all Eiswolf / Eisbaer quick release connections. The redesigned, powerful VPP755 Eispump gives you the flow you need.

Individual

With the Eisbaer Extreme you decide how your system is structured. You can expand this All-in-One at any time with additional components, modify it or fill it according to your desires. Whether you install the Eisbaer Extreme horizontally or vertically, it's up to you how you showcase your water cooling system.
