IMPORTANT SAFETY NOTICES

This product contains an inbuilt battery and may pose a chemical or fire hazard if incorrectly used and cared for

Do not disassemble, crush, or puncture; do not short or overload external contacts; do not expose to fire or water. Doing so may create a risk of fire or burns.

Keep products containing batteries away from children.

Do not leave charging while unattended.

If the product becomes damaged or defective do not continue to use it.

General Safety

This device is designed for indoors use only. Do not deliberately damage the device or expose to damp, direct sunlight, or high temperature conditions. Store in a cool place out of direct sunlight. Do not expose products containing batteries to high temperatures (such as leaving them in a hot car) as this will degrade the performance of the batteries and may cause them to swell or rupture. Subjecting batteries to extreme temperatures or extremely low air pressure may result in fire, explosion or leakage of flammable liquid or gas. It is normal for the device to be slightly warm to touch during operation. Ensure that good ventilation is maintained around the product while in use. Do not cover or encapsulate the device while it is in operation. Disassembling, modifying or failing to properly use and care for your device will void the warranty on the product and may create a risk of electric shock, fire, and/ or damage to other equipment.

ALOGIC is not responsible for any damage that may occur to the device or other damages arising from improper use, storage or lack of care and is not liable for repair or replacement of the device or other damages in these circumstances to the extent permissible by applicable law.

When a device which contains a battery has reached the end of its useful life, do not dispose of the device in general household waste. Follow the local laws and regulations in your area for computer battery recycling and disposal.

This device uses inductive charging. Do not place metallic objects (aside from devices which support wireless charging) on top of the charging pad.

Avoid placing phone cases which include metallic elements on the charger. In rare cases it may not be possible to detect smaller metallic objects, such as foil logos on phone cases, and the charger may continue to operate. In these cases, the metallic object will heat up and may cause gradual damage to the device being charged.

Provide adequate ventilation and do not cover the device while in operation. Do not use the product if it becomes damaged as this could pose a risk of causing damage to connected devices.

DO NOT DISPOSE OF THIS PRODUCT IN HOUSEHOLD WASTE

Disposal of waste electronic equipment

The WEEE symbol denotes that this product must be disposed of separately to household waste according to local laws and regulations. To protect human health and the environment this product must be recycled through an appropriate service and should not be disposed of in general waste. Take this equipment to a designated collection point for the recycling of waste electrical and electronic equipment when disposing of the device. Contact support@alogic.co for assistance in identifying a recycling scheme in your area.

Mise au rebut des déchets d'équipements électroniques

Le symbole WEEE indique que ce produit doit être éliminé séparément des déchets ménagers, conformément aux lois et réglementations locales. Pour protéger la santé humaine et l'environnement, ce produit doit être recyclé par un service approprié et ne doit pas être jeté dans les déchets généraux. Lors de la mise au rebut de cet appareil, apportez-le à un point de collecte désigné pour le recyclage des déchets d'équipements électriques et électroniques. Contactez support@alogic.co pour obtenir de l'aide pour identifier un programme de recyclage dans votre région.

Eliminación de residuos de aparatos electrónicos

El símbolo WEEE indica que este producto debe desecharse por separado de los residuos domésticos de acuerdo con las leyes y normativas locales. Para proteger la salud humana y el medio ambiente, este producto debe reciclarse a través de un servicio adecuado y no debe tirarse a la basura general. Cuando se deshaga de este aparato, llévelo a un punto de recogida designado para el reciclaje de residuos de aparatos eléctricos y electrónicos. Comuníquese con support@alogic.co para obtener ayuda para identificar un plan de reciclaje en su área.

Entsorgung von Elektronik-Altgeräten

Das WEEE-Symbol bedeutet, dass dieses Produkt gemäß den örtlichen Gesetzen und Vorschriften getrennt vom Hausmüll entsorgt werden muss. Zum Schutz der menschlichen Gesundheit und der Umwelt sollte dieses Produkt durch einen geeigneten Dienst recycelt und nicht im allgemeinen Abfall entsorgt werden. Bringen Sie dieses Gerät zu einer ausgewiesenen Sammelstelle für das Recycling von Elektro- und Elektronik-Altgeräten, wenn Sie das Gerät entsorgen.
