TWS Runner Raptors 2.0 wireless headphones

SKU: TESPBTRAP2BTTWSK

Stereo earphones with a 740 mAh charging base, Wireless V 5.0, silicone headband, multi-function keys for music and calls and IPX5 certification

THE TOP SPORT OPTION: THAT'S WHY

The ***TWS Runner Raptors 2.0 earphones*** are the best choice for those who make sport a lifestyle. Comfort and stability during use combined with technology. For listening to music or answering calls while training without worry about disconnected or twisted cables.

Sweat and splash resistant , these accessories can be stored and charged as needed in their elegant **portable case**.

DESIGNED TO MEET YOUR NEEDS

These Twin earphones have a stand-out design featuring **a wrap-around silicone headband**, ensuring maximum stability during physical activity. These semi in-ear headphones are made of soft material, ensuring excellent comfort.

The Runners Raptors 2.0 are **IPX5 certified**, meaning they're sweat and spash resistant. They let you respect your training plans without having to give up more challenging routes.

TECHNOLOGY AND PERFORMANCE

TWS is an acronym for **True Wireless Stereo** . These earphones **do not need a wired connection** and link with a smartphone via Bluetooth.

Touch controls let you manage music playing and accept or reject incoming calls. The **integrated microphone** makes it possible to speak with callers.

The internal battery in each earpiece has 50 mAh. When fully charged, you can use the Raptor Runners for about **5 hours** for either calling or listening to music.

FORCE 7 RECHARGING

The **740 mAh portable case** allows you to store the earphones and recharge them.

When the Runner Raptors are removed from the case, they turn on automatically. To turn them off, just put them back in the case after use.

When fully charged, the base can **recharge** the earphones seven times. Once the charging energy runs out, simply recharge the base via the included Micro USB input and cable.
