Highlights

Learn about light

Colour temperature: Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures that colours are shown as true and natural.

Incandescent-like warm white

This bulb has a colour temperature of 2700 K, providing you with a warm, tranquil atmosphere, perfect for relaxing. This 2700 K light is ideal for home lighting design

Vintage style, modern LED

LED Classic bulbs are based on standard LED energy-saving technology. Now you can enjoy a retro-style bulb with state-of-the-art technology combined with vintage design.

Replaces incandescent globe

With its beautifully shaped design and familiar dimensions, this is a contemporary lighting LED globe. The perfect sustainable replacement for traditional incandescent globes.

Instant On

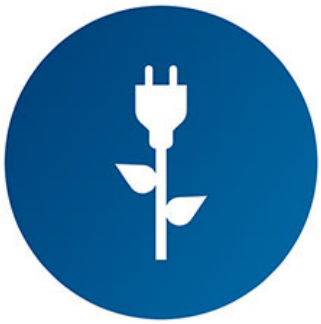

No need to wait: Philips LED light bulbs provide their full level of brightness immediately when they are switched on. Just by turning the switch, your room is at full brightness. There is no slow starting or waiting.

15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

No UV or IR

The light has no infrared component, so no heat is radiated. Also, there is no ultraviolet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Specifications

Bulb characteristics
- Shape: Globe
- Cap/fitting: E27
- Dimmable: No
- Voltage: 220–240 V
- Wattage: 7
- Wattage equivalent: 60

Power consumption
- Energy efficiency label: A++
- Power consumption per 1000h: 7 kW·h

Light characteristics
- Light output: 806 lumen
- Colour: Warm White
- Colour temperature: 2700 K
- Light effect/finish: Warm White
- Colour rendering index (CRI): 80
- Starting time: < 0.5 s
- Warm-up time to 60% light: Instant full light

Durability
- Lifetime of lamp: 15,000 hour(s)
- Number of switch cycles: 20,000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

Bulb dimensions
- Height: 140 mm
- Width: 95 mm

Other characteristics
- Range: LED Classic
- Mercury content: 0 mg
- Power factor: 0.5
- Lamp current: 60 mA

Rated values
- Rated power: 7 W
- Rated luminous flux: 806 lm
- Rated lifetime: 15,000 hour(s)

Issue date 2017-06-13

Version: 2.1.1
