

Surftab® breeze 10.1 quad 3G

10.1" Android™ tablet with a quad core processor, 16 GB of storage, 2 GB RAM, 3G and call function

Powerful basic configuration

The Surftab breeze 10.1 quad 3G is equipped with a versatile MT6580 processor. A generous 2 GB RAM actively supports its performance. The HD IPS display ensures clear images, intense colours and consistent display of contents from all viewing angles.

Mobile freedom

Unlimited mobility on the go. You're well equipped with the third generation of mobile telecommunication (3G). The 3G function allows you to rapidly transfer data or surf the Internet.

Robust but stylish

A real eye-catcher – with its colour combination of silver and white, the Surftab breeze 10.1 quad 3G really stands out from the usual range of tablet PCs. What's more, the aluminium housing makes it much more durable than a synthetic housing. This means that you don't have to worry about damaging the Surftab when storing it in your bag.

Technical details

Hardware

Processor (CPU)	MT6580 Processor
Operating system	Android™ 6.0.1 (Marshmallow)
RAM	2 GB (DDR3)
Internal storage	16 GB*
Graphic Unit (GPU)	Mali-400 MP
Display size	25.7 cm (10.1")
Display type	5-point capacitive multi-touch HD IPS display
Screen resolution	1280 x 800 Pixel
