Ultralight design at 1.1kg

### The do-anything Chromebook

Have a closer look at the new ASUS Chromebook Flip C436. It's the ultra-light, ultra-compact, and ultra-powerful Chromebook. Take in the details of its precision-crafted magnesium-alloy chassis, and be awed by the might of its powerful Intel® processor. Its versatility is unparalleled, allowing you to use it in laptop, tent, stand, or tablet mode for work and play.

Powered by Intel® Core™ i7 Processor.

### Stay productive all day long

The 10th Gen Intel Core i7 processor makes ASUS Chromebook Flip C436 an ultra-powerful Chromebook. Combined with the full power of G Suite and other productivity apps from the Google Play store, ASUS Chromebook Flip C436 lets you breeze through whatever task awaits. This Project Athena laptop can even run for up to 12 hours on a single charge[1], so you can work or play throughout the day, even when you're on the move.

### Stylish and ergonomic

As well as sleek looks, comfort and ergonomics are a priority with ASUS Chromebook Flip C436. The precision-crafted chassis has a dual-tapered design, with the body and lid meeting to form a V-shaped edge that makes it easier to open the laptop.

### Powerfully clear sound

Despite its thin and light design, ASUS Chromebook Flip C436 doesn't compromise on sound quality. The innovative omnidirectional speakers project sound towards you for more immersive audio, whichever flip mode the laptop's in. Four high-quality stereo speakers with extra-large resonant chambers generate high-fidelity audio and deliver surround-sound effects that are on a par with much larger laptops. ASUS Chromebook Flip C436 delivers crisp and powerful sound for both music and videos.

### Faster, more stable Wi-Fi connections

With faster-than-wired speeds of up to 2.4Gbps[2], the Wi-Fi 6 in ASUS Chromebook Flip C436 lets you enjoy smooth streaming of FHD online videos and the transfer of large creative files in an instant. Entertainment and professional work has never been this easy.

### ASUS Chromebook Flip C436

- **Intel® Core™ i7-10510U / i5-10210U / i3-10110U processor**
- Chrome OS keeps it new and fast
- 14" 16:9 Full HD (1920 x 1080) multi-touch frameless **NanoEdge with 85% screen-to-body ratio**[3]

- 2 x USB 3.2 Gen1 Type-C™ support display & support power deliver, and 1 x MicroSD card reader
- Optional ASUS Pen[5] for a natural writing or drawing experience

1. Battery performance is based on a mix of standby, web browsing and other use. Charging time requires the battery to be at least 5% charged, the device to be inactive and using the included charger. Actual results may vary.
2. Unless otherwise stated, Wi-Fi speeds are based on theoretical performance. Actual performance may vary.
3. The stated 4.9mm width of the side bezel is the distance between the edge of the non-active screen display area and the inside edge of the case. If the case width is included, the side bezel width is 5.3mm. The stated width of the bottom bezel is the distance between the edge of the non-active screen display area and the visible edge of the display when the laptop is opened to 90°. Measured based on standard (not anti-glare) display configuration.
4. Specification may vary by region and country.
5. ASUS Pen sold separately and will be released at a later date.
