

Wired Mouse | DPI: 1000 dpi | Number of buttons: 3 | Both Handed | 1.20 m | Silent mouse

General information

This ultra-slim optical mouse of Nedis® is compact and fits comfortably in your hand. Just plug the cable of your mouse to the USB port of your PC or notebook to enjoy fast, smooth and accurate navigation. With a resolution of 1000 dpi, even the smallest movements are registered. Due to the ergonomic design, this mouse is appropriate for both left- and right-handed users. The Nedis® ultra-slim optical mouse comes in four different colours.
