

SECCO FORTE 450

DEHUMIDIFIER

Our construction dehumidifiers are best suited for use in large spaces, construction sites, swimming pools, garages and warehouses. Due to the rotary compressor with hot gas defrost system, large amounts of air are filtered and dehumidified without ever running the risk of the compressor freezing.

Use the digital display to specifically control the desired room humidity and operating time. Stack up to four units made of robust plastic and connect - for optimal dehumidification performance - the condensation pumps with hose.

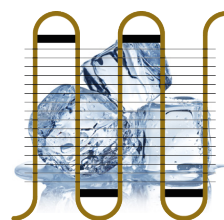

STACKABLE

960 m³ / H

45 l / 24 H

Defrost system: Hot gas
Refrigerant: R290

4x Stackable

On wheels

TECHNICAL DETAILS

Power: 460 W

Color: blue

Dimensions: 40.5 x 66 x 53 cm

Weight: 25 kg

Warranty: 2 years

Artikel-Nr.: 10110432

TECHNICAL SPECIFICATIONS

- Direct drain
- Indicator display
- Operating temperature: 0-38 °C
- Dehumidification capacity: 45 l/day*
- Circulating air volume: 960 m³/h
- Refrigerant: R290
- Rotary compressor

*at 80% rH / 30° C temp.
