

# SC45MCNE2

## linea

60cm "Linea" Compact Combination  
Microwave Oven, Black

EAN13: 8017709117610

Special promotion on this model\* 5 year guarantee on parts and labour if purchased by 31st December 2015. Models included are all Linea ovens & Compact appliances. Terms and conditions apply. At selected displaying retailers only. [For full terms and conditions please click here](#)

- 45cm reduced height compact oven

- 10 Functions
- White LED display
- Digital electronic programmer with multi-display
- Electronic timer with end of cooking alarm
- Double glazed removable door
- Cooling fan
- Tilting grill
- Pizza function
- Circulaire
- Electronic thermostatic controls
- Defrost by weight or time
- Nominal power: 3.40 kW
- Grill power: 1.50 kW
- Microwave output power: 1.00 kW
- Oven capacity: gross: 37 litres, nett 34 litres
- 30 Amp power supply

### STANDARD ACCESSORIES:

Glass tray  
Wire shelf

## Functions

**Smeg (UK) Ltd**  
**The Magna Building, Wyndyke Furlong, Abingdon**  
**OX14 1DZ**  
**Tel. +44 (0)844 557 9907**  
**Fax +44 (0)844 557 9337**

**Microwave + circulaire:**

To achieve a combined cooking with ventilated heat that cooks in short time thanks to the rotation of the warm air and the microwave.

**Microwave + grill element:**

To achieve a combined cooking with grill that cooks the outside whilst assuring an internal cooking thanks to the microwave function.

**Circulaire and microwave:**

The combination of circulaire and microwave allows food to be cooked effectively and quickly as microwave energy shortens cooking times.

**Grill element:**

For rapid cooking and browning of foods. Best results can be obtained by using the top shelf for small items, the lower shelves for larger ones, such as chops or sausages. For half grill heat is generated only at the centre of the element, so is ideal for smaller quantities.

**Fan with grill element:**

The fan reduces the fierce heat from the grill, providing an excellent method of grilling various foods, chops, steaks, sausages etc. giving even browning and heat distribution, without drying out the food. The top two levels recommended for use, and the lower part of the oven can be used to keep items warm at the same time, an excellent facility when cooking a grilled breakfast. Half grill (centre portion only) is ideal for small quantities of food.

**Circulaire:**

The combination of the fan and circular element around it gives a hot air cooking method. This provides many benefits including no preheat if cook time is more than 20 minutes, no flavour transfer when cooking different foods at the same time, less energy, and shorter cook times. Good for all types of food.

**Circulaire + grill:**

Circulaire + grill

**Defrost by time:**

The circulation of air enables quicker thawing of frozen food, without the use of any heat. The microwaves power will be automatically varied to achieve the best thawing results.

**Defrost by weight:**

The circulation of air enables quicker thawing of frozen food, without the use of any heat. The defrosting time will be calculated based on the food's type and weight and the microwaves power will be automatically varied to achieve the best thawing results.

**Pizza function:**

This function allows pizza to be cooked quickly using microwave energy.
