**Power outlet with automatic on/off switch for working with power tools**

- Dirt that is a result of planing, sawing or grinding is suctioned away directly.
- The vacuum cleaner is switched on and off automatically via the power tool.

**Outstanding filter cleaning**

- Strong pulse air streams move the dirt from the filter into the container at the push of a button.
- The full suction power is quickly restored.

**Patented filter removal technology**

- Quick and easy removal of the filter from the filter box – without contact with dirt.
- For wet and dry vacuuming without filter replacement.

| <b>Accessory kits</b>       |    |             |                                                                                                                                                                                                            |                          |
| Vacuum kit for power tools  | 15 | 2.863-112.0 | Flexible suction hose (1 m) including adapter for connection to the exhaust air vent of power tools (e.g. jigsaws, grinders, drills, planes, etc.), for dirt-free DIY.                                     | <input type="checkbox"/> |
| <b>Special applications</b> |    |             |                                                                                                                                                                                                            |                          |
| Drill dust catcher          | 16 | 2.863-234.0 | The drill dust catcher enables safe and dust-free drilling on all common wall and ceiling surfaces. Drill dust is suctioned directly from the drill hole.                                                  | <input type="checkbox"/> |
| Suction hose extension      | 17 | 2.863-305.0 | The 3.5-m long suction hose extension is suitable for all Kärcher wet and dry vacuum cleaners from the Home & Garden range and ensures a larger operating radius and greater freedom of movement.          | <input type="checkbox"/> |
| Extension suction tube      | 18 | 2.863-308.0 | Practical extension suction tube for greater operating range. The extension of the suction tube is recommended particularly for applications in areas that are difficult to access, such as high ceilings. | <input type="checkbox"/> |
