

UME3

USB 3.0

FLASH DRIVE

Main features

- Classic design
- Color intensity of the cover
- Plug with raised anti-slip pattern
- Available capacities: 16, 32, 64, 128 GB
- Lifetime Warranty

UME3 is a modern approach to the classic design, emphasised by the intensity of cover colors. The plug with a convex anti-slip design makes it easy to open the USB in any situation. After removing the plug, you can put it on the other end of the cover - this ensures that you will not get it lost. There is a perforation to attach the pendant – it is an ideal solution for those who like to have a USB stick always with them.

UME3 memory is available in the capacities from 16 GB to 128 GB. The used components enable to read speeds of up to 60 MB / s and write up to 20 MB / s. Like all other GOODRAM USB sticks, UME3 is covered by a lifetime manufacturer's warranty.
