19″ 0.5U L-shaped Panel 22 mm with cable tie fastening black

Description

The 19″ panel by Delock can be mounted in a 19″ rack and is the ideal solution for clean, structured cable management in IT and network racks. With its half height unit (0.5 U), it saves valuable space while enabling efficient organisation of patch, power or data cables.

With cable tie fastening

The panel has several openings or fastening points where cables can be securely fastened using cable ties. This ensures strain relief and reliably prevents cable clutter.

L-shaped design

The L-shaped design gives the panel extra support and better cable management without taking up valuable rack height.

Item no. 67460

EAN: 4043619674602

Country of origin: China

Package: Box

Technical details

- For mounting in 19″ network cabinet, 0.5U
- With cable tie fastening and slotted holes
- L-shaped design
- Material: metal
- Colour: black
- Dimensions (LxWxH): ca. 483 x 22 x 22 mm

Package content

- 19″ panel
