Specification

Product Model	C706
Certification Model	P0101366
Battery Type/Capacity	Lithium Battery / 2500mAh
Charging Input Specification	DC 5V, 2A
Wireless Transmission Protocol	ANT+, Bluetooth, WIFI (2.4G)
Transmission Frequency	2400MHz to 2483.5MHz
Transmission Power	ANT+: 10mW, BLE: 10mW, WIFI: 126mW
Operating Temperature	-10°C to 50°C
Charging Temperature	0°C to 45°C
Net Weight	111g

Warranty Terms

Thank you for purchasing a Magene Smart GPS Bike Computer. Please read the following terms carefully to ensure your product receives effective warranty service.

Limited Warranty Coverage:
This product has undergone strict quality inspection. According to this warranty card, any malfunction caused by product quality issues under normal use conditions within the warranty period will be covered by free repair. The warranty period is 2 years for EU countries and 1 year for other countries. The warranty period is based on the activation time. For products that do not require activation, the warranty period is based on the purchase date. If there is no purchase date, it is based on the factory date.

The following situations are not covered by the Limited Warranty:
1.Exceeding the warranty period.
2.Any damage caused by improper use, maintenance, or storage.
3.Product damage caused by failure to use or install in accordance with the instruction manual.
4.Unauthorized repair, misuse, collision, negligence, abuse, liquid ingress, accident, alteration, or use of unspecified non-original accessories.
5.Unauthorized alteration of the warranty certificate.
6.Absence of a valid warranty certificate or valid invoice.
7.The product serial number or code on the warranty certificate does not match the actual product.
8.Malfunctions or damage caused by other reasons not related to the product's design, manufacturing, or quality.
9.Wear and tear or soiling from normal use, such as scratches, and damage caused by human factors like contact with chemical reagents, contact with sharp objects, dropping, or crushing.
10.Damage caused by force majeure.

Product After-Sales Service Period:
Our company provides lifetime after-sales service for the product. For products outside the warranty period, users are responsible for all costs incurred for repair, including parts, shipping, and labor.
Our company reserves the right to modify and interpret the above content.

Warning

Failure to pay attention to the following potential dangers may result in serious injury or even fatal accidents.

Battery Warning:

This product uses a rechargeable lithium battery.

Failure to comply with the following guidelines may lead to a shortened battery lifespan, device damage, fire, chemical burns, electrolyte leakage, and the risk of injuries.

- Do not dismantle, modify, puncture, squeeze, or damage the battery to avoid potential hazards.
- Do not expose the device and battery to flames, explosions, or other hazards.
- Do not place the device in high-temperature environments, such as inside a dryer or under direct sunlight in a car.
- Do not immerse the battery in water or any other liquids.
- Avoid frequent overcharging.
- Do not charge the battery in the vicinity of a heat source or under extremely hot conditions.
- Charge the battery strictly following the charging requirements to prevent potential dangers due to excessive current.
- If the product is not used for an extended period, charge the battery to full capacity before storage to extend the battery's lifespan.

Recycling Licenses

WEEE(Waste Electronic Electric Equipment) European Directive 2012/19/EU

This symbol on the product or on its packaging indicates that this product must not be disposed of with your household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

Batteries

In accordance with the Battery Directive, used batteries should not be disposed of in the domestic waste. Dispose your batteries in the collection containers specific for this purpose in retail stores.

CE Declaration of Conformity

Hereby, Qingdao Magene Intelligence Technology Co., Ltd. declares that this product is in compliance with the Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:
https://www.magene.com/en/content/29-certification-download

UKCA Declaration of Conformity

Hereby, Qingdao Magene Intelligence Technology Co., Ltd. declares that this product is in compliance with The Radio Equipment Regulations 2017. The full text of the declaration of conformity is available at the following internet address:

FCC Statements

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user' s authority to operate the equipment.
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment should be installed and operated with minimum distance 20cm between the radiator&your body.
