

DAGONET-2 Black - Wireless

DESCRIPTION

The White Shark DAGONET-2 gaming mouse combines exceptional lightweight design, fast responsiveness, and precise control for competitive gaming. Weighing only 50 g, it enables quick and effortless movements, while the paracord cable minimizes drag and provides a near-wireless feel during gameplay. The high-precision sensor offers 12000 DPI (up to 24000 DPI via software) for stable tracking and full control across different gaming styles. The new generation also introduces upgraded mechanical switches rated for 50 million clicks, a major improvement over the previous version's 10 million click lifespan, ensuring long-term durability and consistent responsiveness. With triple connectivity (Bluetooth, 2.4 GHz, and USB), Dagonet easily adapts to different devices and usage scenarios.
