

Wi-Fi Smart Switch | Circuit Breaker | In-Line | 10 A

General information

Place this smart switch in the powerline of any wired device to turn it on and off remotely, or to automatically schedule it.

Take control of the connected device by using your voice when you use this switch with Amazon Alexa or Google Home.

It's simple to set up - connecting directly to your Wi-Fi router with no separate hub required. You can use it as a standalone smart switch or pair it with other Nedis® SmartLife products to quickly create atmospheric scenes or connect up an entire smart home.

About Nedis® SmartLife

Discover a wide and ever-expanding range of products - such as bulbs, switches, sockets, sensors, and cameras - that can all be controlled through an easy-to-use and intuitive app. With voice control features supported by Amazon Alexa and Google Home, and no need for anything more than your existing Wi-Fi network, this is the connected, smart home made simple. Whether you're looking for a single smart bulb or socket, or you want to automate your entire house, discover how accessible smart technology is today.

Features

- Simple to set up - directly connects to your Wi-Fi router
- Remotely turn on and off or schedule any wired device connected to this switch
- Take control with your smartphone or, when used with Amazon Alexa or Google Home, your voice
