UL Listed Extendable TV Wall Mount for up to 105inch 176lb (80kg) Display, Easy Rear Access, Laterally Adjustable Bracket Supports up to VESA 1000x600

Product ID: 10ULE-TV-WALL-MOUNT

Mount a TV with extendable reach or a slim close-to-wall profile, plus adjustable viewing angles. UL Listed for added confidence in commercial or public installations.

Support TVs up to 105-inch and 176lb (80kg) for meeting rooms, classrooms, and digital signage deployments that need a strong, stable wall bracket.

This TV mount is tested and certified by UL Solutions to UL 2442 and complies with a 4x weight safety factor over its rated load, providing assurance for commercial and public-space installations

Keep the TV close to the wall at a 2.1in (5.3cm) profile or extend up to 6.8in (17.2cm) to match your setup. Extra extension creates working room for easy rear access during adjustments, maintenance, and cable management.

Use the side-to-side sliding design to help center the display on wood stud, concrete, or brick walls. VESA compatibility from 200x200 to 1000x600mm helps standardize installs across a wide range of TVs.

Fine-tune the viewing angle with tilt from +10 to -15 and swivel from +10 to -10 to improve visibility across the room.

Certifications, Reports and Compatibility

Applications

Features

• Securely Mount Large, Heavy Displays: This UL listed TV mount supports up to 105-inch displays and

176lb (80kg), giving you a sturdy platform for meeting rooms, classrooms, and digital signage

• Mount with Confidence: This TV mount is tested and certified by UL Solutions to UL 2442 and complies with a 4x weight safety factor over its rated load, providing assurance for commercial and public-space installations

• Easy Rear Access Without Sacrificing a Slim Look: Extendable arms reach up to 6.8in (17.2cm) to create room for rear TV access after installation for convenient servicing and maintenance or keep the TV close to the wall with a 2.1in (5.3cm) profile for a clean install

• Center the TV on Any Wall Type: Use the side-to-side sliding design to center the TV on wood stud, concrete, or brick walls, while VESA compatibility from 200x200 to 1000x600 enables supports for a wide range of displays

• Adjust the Screen for Better Viewing: Adjustable TV bracket lets you fine-tune positioning with tilt from +10 to -15 and swivel from +10 to -10 for better visibility across the room
