

Fan

Model: **AW-12D-LED**

Product code	AW-12D-LED
Product type	Fan
Supply voltage	12 V
Power consumption	0.16 A
Power supply connector	Molex
Fan size	120 mm
Maximum noise level	22.8 dB(A)
Cable length	30 cm
Material	ABS
Product color	Black
Backlight color	Multicolor
MTBF	30000 h
Package	UniBag
Product size (L x W x H)	120 x 120 x 25 mm
Package size (L x W x H)	260 x 130 x 26 mm
Net weight	84.4 g
Gross weight	90.3 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
Included accessories	Screw
EAN code	5901720136107
Warranty	24 months

Description

Akyga® AW-12D-LED is a high quality **desktop PC fan**. Thoughtful design of the blades positively affects the quiet operation of the fan. However, the built-in **rubber pads** prevent possible vibrations. Moreover, the fan is equipped with a robust **sleeve bearings**. They ensure a very long and trouble-free operation at the highest speed. Furthermore, the product is characterised by an interesting colour scheme of the backlighting. Namely, it has **15 LEDs** in the colours: white, pink, blue, green and red, which together create the impression of a rainbow. The colourful fans are an ingenious way to expose the case interior.

The fan is equipped with a **30 cm cable** that ends in a **Molex connector**. This cable length will allow you to freely install the fan in your case, while the included connector will allow you to connect the product to any ATX power supply equipped with a suitable connector. Furthermore, **mounting screws are included**.
