Overview

25 Word Product Description

The CORSAIR XENEON brings your games and media to life on a vibrant, ultra-slim 32-inch IPS QHD (2560 x1440) display with a blazing fast refresh rate up to 165Hz and 1ms response time.

Overview

50 Word Product Description

The CORSAIR XENEON brings your games and media to life on a vibrant, ultra-slim 32-inch QHD (2560 x1440) display with IPS LED technology. A 165Hz refresh rate and 1ms response time reduce motion blur and ensure you see every frame your PC outputs, while AMD FreeSync™ Premium ensures smooth, tear-free visuals.

Overview

100 Word Product Description

The CORSAIR XENEON brings your games and media to life on a vibrant, ultra-slim 32-inch QHD (2560 x1440) display with IPS LED technology. A 165Hz refresh rate and 1ms response time reduce motion blur and ensure you see every frame your PC outputs, while AMD FreeSync™ Premium ensures smooth, tear-free visuals. Enjoy a 100% sRGB, 100% AdobeRGB and 97.5% DCI-P3 color space with high contrast thanks to Quantum Dot technology and HDR400 support. With a premium die-cast aluminum stand and a wide range of connection options including 2x HDMI 2.0, 1x DisplayPort, and multiple USB Type-C and Type-A ports, the CORSAIR XENEON offers a truly spectacular view.

f.Color Space	100% sRGB / 100% AdobeRGB / 97.5% DCI-P3 (CIE 1976)
g.HDR	DisplayHDR 400 offers enhanced brightness and color
h.Add'l. Marketing	Control monitor settings from iCUE software

Unique Selling Points

Style 1

- The XENEON is built from the ground up by the PC experts at CORSAIR, incorporating the stunning design, brilliant display, and the latest technology that gamers and creators demand.
- An ultra-slim 32-inch gaming monitor with an ultra-thin micro-bezel delivers a stunning 2560x1440 QHD image.
- An IPS LED panel offers superb color accuracy and consistency regardless of viewing angle, up to 178° horizontally and vertically.
- Up to 165Hz refresh rate with 1ms response time resists motion blur and keeps up with the high frame rates produced by the latest graphics cards, so you see every frame your PC can output.
- AMD FreeSync™ Premium Certified to synchronize visuals with your graphics card for smooth images, less screen tearing, and low input latency.
- Quantum Dot technology with 100% sRGB, 100% AdobeRGB and 97.5% DCI-P3 color space create more vivid, natural colors and astonishing realism.
- DisplayHDR400 delivers a wide brightness range and color gamut, resulting in more detail in the darkest and brightest scenes.
- Multiple connection options include 2x HDMI 2.0 ports, 1x DisplayPort 1.4, and an integrated USB hub with 2x USB 3.1 Type-C ports and 2x USB 3.1 gen 1 Type-A ports. Includes Type-C Video, HDMI 2.0, and DisplayPort cables.
- A sturdy and stylish die-cast aluminum stand offers screen tilt from -5° to 20°, 110mm of adjustable height, and built-in RapidRoute cable management to keep your desktop tidy.
- Compatible with 100mm x 100mm VESA mounts for the flexibility to mount to a wall or arm.
- Integrates with CORSAIR iCUE software to save your personalized presets and customize on-screen controls.
- A built-in mounting point enables compatibility with rigging systems such as the XENEON mounting adapter and Elgato Flex Arm (sold separately).

Style 2
