Functions

Child lock:

some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Touch controls:

Easy to use touch controls allow the appliance to be programmed at the touch of a button.

Time elapsed:

shows how long the cooking zone has been in use

Power booster:

option allows the zone to work at full power when very intense cooking is necessary.

Timer:

All ceramic hobs have a timer which automatically ends cooking after a preset time.
